

THE NASA SOLAR SYSTEM AMBASSADORS PROGRAM

EXPERT VOLUNTEERS ACROSS THE NATION SHARE THE LATEST SCIENCE AND
DISCOVERIES OF **NASA'S MISSIONS** THROUGH **INSPIRATIONAL EVENTS**

Find your local Ambassador by visiting solarsystem.nasa.gov/ssa
and search the directory or check the event calendar.

The Solar System Ambassadors program is managed by JPL for NASA.

A NASA SOLAR SYSTEM AMBASSADOR EVENT IS HAPPENING NEAR YOU!

WHEN:

June 24, 2018 @ 2:00pm

WHERE:

Infoage Space Exploration Center
2300 Marconi Road, Wall, NJ 07719

WHAT:

Discovering new worlds: NASA's search for exoplanets

The galaxy is filled with stars, and scientists believe most of them have their own solar systems. NASA's newest planet-hunting spacecraft, TESS, is expected to find thousands more. We will talk about the mission, and how planets are detected light-years away.

WHO:

Frank O'Brien, NASA Solar System
Ambassador
