

# Space Exploration Week

**REGISTER NOW**  
**July 23-27, 2018**  
**at the InfoAge Space Exploration Center**  
2300 Marconi Road, Wall Township, NJ.  
732-322-4823 / 732-280-3000

Space Exploration Week is a five day space science program for children ages 11-14 about The Earth, The Solar System, The Galaxy, The Universe, Rocketry, and Outer Space Observation. Each day is divided into two 3 hour sessions of fun filled model making, rocket launching, demonstrations and games. On the final day of Space Exploration Week everyone will learn how to move the TLM18 Space sentry radio Dish Antenna and use it to explore the Milky way Galaxy. Parents can take a video of their child at the controls! We expect to have speakers from NASA and Princeton University.

Activities are indoors and outdoors and include a visit to the InfoAge Radio Museum, The Original Marconi Tower and a trip to see Mobile Radar Units.

Learn about the history of the Space Program and the exciting events that took place right here at the Diana Site in Wall Township that launched the Space Program.

**Use the 18 meter Radio Telescope Dish to send your voice to the moon and hear it bounce back in 2.5 seconds on August 11!**

***Registration is limited, Register now to save your place!***

Daily Schedule:

Monday	Tuesday	Wednesday	Thursday	Friday
9:00 The Earth and it's Atmosphere  Make a model of the Earth's Atmosphere	9:00 The Solar System  Make a model of the Solar System	9:00 Rocketry  Make and Launch Rockets	9:00 Vanguard and Tiros  Build your own Satellite	9:00 The Radio Telescope Dish  Make a model of a Radio Telescope Dish
12:00: Lunch InfoAge Trip	12:00 Lunch Games	12:00 Lunch InfoAge Trip	12:00 Lunch Games	12:00 Lunch Games
1:00 The Moon and other Earth Satellites  Add these to our Earth Model	1:00 The Milky Way Galaxy  Make a Star Finder	1:00 Comets and Asteroids  Make your own Comet or Asteroid	1:00 Outer Space Observation: Telescopes  Make your own Telescope. See through Alien Eyes	1:00 Using radio waves to study planets  Bounce your voice off the Moon using a radio telescope

The program is a five day, 6 hour program with a lunch break. Children bring their own lunch.

Program Costs:

\$225.00 1 Child

\$175..00 Additional children from the same household

Participants receive a notebook folder to keep all of their materials as well as a keepsake box for all their models and a Certificate of Completion.

A Deposit of \$50 per child is required at time of registration. Full payment is required on the first day of Space Exploration Week.

**Space Exploration Week July 23-27, 2018**

Please return this form by mail or in person with a \$50. deposit by July 13, 2018 to:

InfoAge 2201 Marconi Rd. Wall, NJ 07719 c/o Lori Lauber

Museum Walk in hours are 1:00 – 5:00 PM on Wednesday, Saturday. and Sunday
